[SUMMARY]

Night and low-light is the practice. I shoot candid documentary coverage inside dark venues, clubs and private rooms on available light with no flash, then grade and deliver it myself. Shooter-editor working out of my **own complete FX6 package**: full-frame cinema body, three-point lighting and dual wireless audio, finished in-house on DaVinci Resolve. I arrive self-contained for an interview or event setup and hand back a graded cut, so a single booking covers camera through delivery. Full Sail A.S. in Digital Cinematography earned, final year of the B.S. Day calls across Central Texas, San Antonio and Austin, plus remote post.

[EQUIPMENT]

Camera: Sony FX6 full-frame Cinema Line, XLR handle unit, Sony G-series zoom

Audio: on-camera shotgun plus two wireless transmitters, **32-bit float with onboard backup**

Lighting: three-point bi-color LED kit, gridded parabolic softbox, reflector, full stands

Compact bodies: Insta360 Luna Ultra (1in gimbal) and X6 360 for low-light and tight rooms

[PRODUCTION CREDITS]

- **0FF THE PRINT** | Founder, shooter and editor | San Antonio music and nightlife publication, interview and event series | Aug 2026 to Present
- **Andrew E. at Stable Hall** | Concert and interview shooter, paid | Worked with the label and the venue | Aug 2026
- **Night venue and club coverage** | Documentary shooter and colorist | Available-light candids, graded sets, no flash | 2025 to Present
- **Private event contracts** | Shooter and colorist | Paid restaurant and family event coverage | 2026
- **VOLUME** | Writer, director and editor | Narrative short (Full Sail University) | Jun 2026
- **San Antonio Current** | Social Media & Content Creator (Intern), solo photo and video event coverage | Same-night delivery | Sep 2024 to Dec 2024

[EXPERIENCE]

Content Creator | Thrift @ The Warehouse

Oct 2026 to Present

- Shot the Oct 17 Fill-a-Bag sale at both Austin stores: **105 photos in two looks, 52 clips**, three edits cut the next day.

Freelance Shooter, Editor & Colorist | Self-employed

Jan 2023 to Present

- Shoot, grade and deliver client work: interviews, live events, venue and nightlife coverage, and short-form cutdowns.
- Color correction and grading in DaVinci Resolve including **custom DCTL looks and Fusion composites**; built a reusable effect and transition suite for Resolve and Premiere.
- **Night documentary coverage** is the recurring work: venues, promoters and private hosts bring me into the room, and I shoot the night candid on available light, stage light and haze. **No flash.** Several hundred frames a night, culled to a scored selects set.
- Run the business side myself: my own **service agreements, media releases, rate card and invoicing**, signed before the camera comes out.

Security Officer | Allied Universal at the Alamodome

Aug 2025 to Jun 2026

- Concerts up to **65,000 attendees**: credentials, load-in and load-out flow, long calls under live pressure.

[POST & SKILLS]

Edit: Premiere Pro, DaVinci Resolve, After Effects, CapCut, multicam

Color: color grading and color correction in Resolve, custom DCTLs, LUT workflows, HDR/HLG conform, shot matching

On set: interview lighting, wireless and boom audio, media management, slating

Logistics: W-9 ready, own transportation, open to travel, clean driving record
